

Prepare Your Household for an Evacuation

Households should prepare for up to a one-week potential evacuation activity between the end of April and mid May.

- If you have access to an RV / Camper / Cabin, prepare it for use. Remove surrounding snow, check tires, fill propane tanks, etc.
- Have sufficient clothing and essentials for yourself and family members packed and ready to go.
- Make a household emergency plan and a basic emergency kit.
- Ensure to include any prescriptions and medications for all family members.
- Prepare supplies and create a plan for accommodations of your pets.
